# THE PRIVATE SIDE OF PARADISE

## YOUR OWN PERSONAL ISLAND AWAITS YOU IN THE MALDIVIAN NORTH ARI ATOLL: DHONI ISLAND.

The fantasy of your own, totally private island hideaway is something buried in everyone's psyche. On Dhoni Island, you can make it a reality.

A mere speck on the sparkling, azure waters of the Indian Ocean, Dhoni is in the North Ari Atoll of the stunning Maldivian Islands. It is also the only private island there where you can literally take it over for a completely exclusive experience.

It has everything your dream demands: the softest white sand between your toes, lush tropical palms rustled by warm sea breezes and the chance to populate your own paradise with a hand-picked few, at your invitation.

Dhoni Island offers just six, tastefully decorated lodges, each sleeping two. Surrounded by tropical flowers and plants, each lodge is detached, completely private and just steps from the gentle, warm waters of the Indian Ocean. They have a bathroom en suite that leads out to a private courtyard garden, complete with outdoor waterfall shower and Jacuzzi. Four of the lodges also feature a freshwater plunge pool.

Take a stroll along the stunning beach to the twin-peaked, thatched pavilion that houses the Dhoni Bar, wine cellar, expansive living room and adjacent dining area. The floor is simply sand - enhancing your relaxed, barefoot experience - a complete match for the rustic, natural environment that is Dhoni Island.

Taking care of each couple is a personal Thakuru (butler) and the island also has a private international chef to prepare every memorable dining experience to your exact wishes. You also have the services of your personal captain and crew. Why? Welcome aboard your personal Dhoni...

### THE OCEAN IS YOURS

Astonishingly, each lodge has its own Dhoni - a traditional Maldivian wooden yacht. It is yours to do as you wish: to explore the oceans, dive, snorkel, fish, visit tiny, uninhabited islands or simply snooze in your beautifully appointed cabin suite.

Each Dhoni is 65 feet long and powered by inboard engines or by wind billowing in its canvas sails. The captain steers by traditional tiller and

rudder, guided by satellite navigation and his intimate knowledge of this magnificent ocean. In the cabin there is a fully-equipped gallery and dining saloon. Sliding wooden doors open to reveal your stateroom with a king-sized bed, wardrobes, timber deck and ceiling, and bathroom en-suite. In the bow of the Dhoni is a sun deck with outsize cushioning for lazing. Aft is a deck for alfresco dining and for rod and line fishing as the Dhoni cruises.

### FIRST, FIND YOUR EXCUSE

Whether it's a week of activity with incredible diving, whale-shark expeditions and taking full advantage of the water sports facilities; several days of full-on lazing with relaxing treatments from the fabulous Balinese Spa therapists; or a special occasion celebration with family and friends, Dhoni Island awaits. This island is something truly special. Indeed, it is so private, they say it's paparazzi-proof.
