Imagine a private, exclusive and unique island in the Caribbean or the Indian Ocean. Let your mind wander to a serene, tranquil and relaxing spa retreat in Malaysia or the Seychelles; follow the thrill of an exciting journey of discovery on safari in Africa or explore untouched corners in magical south-east Asia. Combine history, culture and inspired traditions with watersport and leisure activities on magnificent Bali or re-live history in fascinating China. Private Label Worldwide represents some of the most elite islands, private homes and resorts in the world, and they can be yours to discover too.

Perhaps villa living in the Caribbean is something you would like to experience? We have been recommending this delightful style of exclusive, private holiday for over 18 years and your choice of villa is of the utmost importance to us. From location, size and interior design to the suitability for your family and friends, including consideration for little ones, are all incorporated in our careful planning to make your holiday truly memorable. One such destination is Mustique - "unquestionably one of the most exclusive, private islands in the world". Just 1400 acres of lush, tropical landscape and surrounded by 9 pristine beaches,

Mustique offers a true, private island experience combined with luxury villa living within a collection of over 70 uniquely designed villas, each set in their own beautiful gardens with swimming pool and sundeck, offering breathtaking views of the Caribbean Sea and picturesque Grenadine Islands. With a dedicated staff to take care of all your needs, the villas on Mustique are renowned for their superb locations, outstanding luxury and the freedom to enjoy the company of your loved ones with no timetable and complete privacy.

Our focus on private islands also highlights their dedication to preserving their own natural environments. Frégate Island in the Seychelles is a perfect example. Frégate offers the unique opportunity to share in its work to preserve the fauna, flora and rare birdlife. Just 32 guests can enjoy exclusive private living in 16 spacious and luxuriously appointed villas. Peace and relaxation combine with a variety of activities including sailing, diving, deep sea fishing and guided walks with the resident ecology team to encounter, amongst others, the Magpie Robin, the 7th rarest bird in the world, as well as the protected Giant Aldabra Tortoise.

We also offer Unique Experiences such as awe-inspiring journeys of adventure and exploration through the fabled spice routes of South East Asia on the Silolona, an authentic, 50 metre, wooden vessel, designed as a modern classic 'Phinsi.' The interiors of the five luxurious staterooms, each with private en-suite bathroom, are styled on a selection of Indonesian islands and cultures. There is a choice of sitting and dining areas including a spacious teak lounge and an alfresco deck where guests can enjoy the most exquisite Asian fusion cuisine created by the 5-Star Chef. The beauty of the islands that Silolona explores is legendary, ranging from the renowned Komodo National Park of Indonesia, to the magnificent archipelagos of southern Thailand and Myanmar.

Private Label Worldwide offers an exceptional, personalised reservation service for each of the members of our portfolio, with firsthand knowledge to share with you.
